A. INTRODUCTION

Dear Alum,

Greetings to Alumni and Industry well-wishers of IIT Bombay. I am delighted to present this Annual Report on Utilization of Funds for the year 2009-10. A few of the notable events in 2009-10 are listed below.

The IIT Bombay Alumni Day was held on December 27th, 2009.

The 51st Foundation Day with Prof. R. Barma, Director Tata Institute of Fundamental Research as chief guest was held on March 10th. At the event Distinguished Alumni Awards were given to five Institute alumni.

10 Great Ideas Closing event was held on May 26th with Dr. R.Chidambaram, Chief Scientific Advisor to Govt. of India as chief guest. Sanjeev Shankar was winner for his 'Green Bricks' idea and Dipankar and Atul Seksaria were finalists for their 'High Efficiency Lighting' idea. All winners are IIT Bombay alumni.

The 48th Convocation of IIT Bombay was held on two days August 6th and 8th wherein a total of 1691 degrees including 179 Ph.D. degrees were awarded. The chief guest for day 1 was Kiran Mazumdar –Shaw, Chairman and Managing Director, Biocon Limited. The chief guest for day 2 was Prof. Roddam Narasimha, India's foremost Aeronautics scientist and Fluid Dynamicist of international renown.

The CNBC Lecture on Leadership was held on August 12th. R. Gopalakrishnan, Executive Director – Tata Sons and Jerry Rao – previously from CITIBANK and presently on the board of various companies like Cadbury India Ltd. and Royal Orchids Hotels gave inspiring talks.

In September quite a few alumni reunions were held, starting with a meet in Goa on September 4th & 5th ; followed by events in the US held between September 11th and October 3rd at various places in the US- Dallas, New York, Bay Area, etc.

As we move ahead in our journey towards excellence - achieving consistent growth in Research and Teaching, facing the various challenges to accommodate our increased numbers of students and faculty and restructuring our Administration – we look forward to your continued support in the future.

Regards,

A Q Contractor
Dean Alumni and Corporate Relations

SHAILESH J. MEHTA SCHOOL OF MANAGEMENT

Since its establishment in 1995, the Shailesh J Mehta School of Management has emerged as a significant player in management education in the country. The year 2009 was marked by a further strengthening and consolidation of academic programmes of the School, and an increase in full-time faculty strength. The School functions as a self-funding entity, and also contributes a significant and growing amount to Institute corpus.

A total amount of US \$ 1476224 (Rs. 6,89,99,968 or approximately Rs. 69 million) has been received from Dr. Shailesh J. Mehta {Alumnus, B. Tech. (Mech. Engg.) 1971} towards creating Endowment funds at IIT Bombay. An amount of approximately Rs. 25 million has already been spent as part contribution towards the creation of a modern residential facility for the Continuing Education Program (CEP). The remaining amount of Rs. 44 million has been utilized to create six Endowments for different purposes. The following table describes the six Endowments created and the allocation corpus of each.

Endowments and Allocation corpus

INLAKS Fellowships

A search for excellence and providing support to talented young individuals has been the objective of the INLAKS Foundation since its inception twenty seven years back. For this purpose, the Foundation has been awarding scholarship abroad, in Institutions/ Universities of high repute in the US, Great Britain and Europe. More recently, the Foundation has started a scholarship program in some of the top institutions in India, in particular the IIT.

INLAKS Foundation selected some scholars as the Inlaks – IIT Scholar. The award covers tuition fee and accommodation expenses. The scholarship is valid for a scholar's entire stay at IIT (i.e. for three years) with a condition that the scholar maintains a CGPA of 8.5. Failure to maintain this CGPA score will result in withdrawal of the scholarship.

B4. LOAN SCHOLARSHIPS

The Loan Scholarship Program or the Financial Aid Program (FAP – 81), initiated by the Class of '81, provides soft loans at minimal interest rates to needy students. This initiative is called the "*Financial Aid Program*". The motto of FAP- 81 is "*To make IIT Education financially achievable*". As per the tradition of IIT Bombay, the students of class of 1981 met on the campus in December 2006 for the Silver Jubilee Reunion and regaled in nostalgia. Following on the footsteps of several previous batches, they resolved to fund legacy projects including Student Scholarship. Thirty seven students of the class of 1981 donated over Rs 54 lakhs for FAP - 81. The donors constituted the FAP - 81 Committee and authorized it to implement the program.

The FAP - 81 scholarship is essentially a loan given by past students to the present students, who will repay it back with interest [and hopefully, generous donations] for the benefit of future students so as to keep the endowment perpetual and growing. The aid is given to fund tuition fees, mess bill, purchase of computers/ laptops, travel assistance for projects abroad and other miscellaneous needs of the students.

The FAP-81 (Financial Aid Programme) was launched at the end of July 2007 with a generous endowment of Rs. 54 lakhs from the class of 1981 to address this 10% of the student population. The program has got excellent response from the student community from the time of its inception. In the first year 58 loan scholarships were disbursed. As word got around and the intake of students also increased, 2008 saw a significant increase in the quantum of students seeking loans. To illustrate in the last quarter alone (January to March) from over a hundred applications we interviewed and approved 89 loan requests. Of them 49 were loans for tuition and mess fees. 11 loans were approved only for tuition fees along with 1 only for mess fees and another for both tuition fee and a laptop loan. Finally 27 loans for laptops were also approved.

For an annual update - over 211 applications were received in 2009-10 and loans were disbursed to 69 students for an amount totalling Rs. 14,91,043.

Presently, the entire amount raised by the class of '81' has been exhausted. A personal donation of Rs. ten lakhs has been donated by Mr. Parween Napate to tide over the current cash flow crisis. Numerous applications are still pending and all possible options are being explored to raise more funds and ensure that this popular program remains sustainable. Appeals have been sent to the alumni community and the possibility of going back to the class of '81' for more funds is being explored.

Today, with 'FAP-81' loan scholarships son's and daughter's of tailors, petty traders & shopkeepers, housemaids, rickshaw drivers, daily wage earners, women headed households are gaining an IIT education and rewriting their own destinies. The FAP-81 endowment fund would like to continue its mission ensuring that no needy meritorious student is ever denied the chance of getting a successful education at IIT.

C1. CHAIR PROFESSORSHIPS

Chair Professorships are distinguished academic positions of the Institute and are conceived as an academic honour to recognize outstanding teaching and research achievements of the permanent faculty. They can also be used to attract outstanding academicians to join the Institute from outside. Chairs are supported by endowments created from donations to the Institute.

Establishment of new Chair Professorships is essential for IIT Bombay to attract and retain high quality research Faculty, which are one of the key elements required to fulfill the goal of the Institute to be a leading International Research University. Chairs will also lead to the establishment of new areas of specialization through the recruitment of accomplished researchers in specific fields of study.

The endowment for a Chair is currently Rs. 60 lakhs. Interest from the endowment is used to meet expenses of the Chair, which include a monthly honorarium and contingency expenses. The salary of the Chair Professor and all other benefits (housing, medical etc.) are borne from Institute funds. Donors will have the prerogative of naming the Chairs. The broad area of specialization for instituting the Chair may also be specified by the donor. The list of presently existing Chairs at IIT Bombay is as follows:

S. No.	Chair Name	Donor	Chair Professor	Endowment	Expenditure	Balance fund

C2. ENDOWMENT - FACULTY DEVELOPMENT FUND (Class of '87)

The Class of '87 had started a fund collection drive at the time of their tenth year re – union. The funds were targeted at Faculty Development. Funds were raised in India and US. The statement below gives the current position of the Endowment.

It was decided by the representatives from the Class of '87 that the endowment fund for Faculty Development would be utilized as per the following guidelines. The responsibility for selecting the Faculty for extending assistance has been entrusted to the Institute Advisory Committee constituted for purposes of examining requests for assistance to present papers at International Conferences.

C3. ENDOWMENT – EXCELLENCE IN TEACHING AWARDS

The 'Excellence in Teaching Award' was approved by the Senate in its 136th meeting held on 4th December 1996 with a provision for 8 awards every year. The 8 awards recommended were among the following lines:

Common core courses (B. tech. Program)	-	2
Departmental B. Tech. Programs	-	3
Post Graduate Programs	-	2
M. Sc. Programs	-	1

The award process has been fully streamlined and these awards have come to be highly valued by the Faculty. The procedure of selection of these awards is as follows:

- Questionnaire for student feedback for identification of the Faculty for Excellence in Teaching Awards is given to all passing out students
- Faculty involvement is minimal except as the Convener of Staff/ Student Committees for conducting the assessment
- Acquisition of the feedback form from the students and calculation of the scores
- Review by a committee consisting of the Dean - Academic Program, Dean - Faculty, two Heads of the Departments and two student representatives
- Feedback from the Alumni (if feasible)

The Excellence in Teaching Awards were conferred on the following Faculty members –

S.No.	Name of Faculty	Name of Department	Amount (Rs.)
1.	Prof. V.M. Gadre	Electrical Engineering	20,001.00
2.	Prof. M.K. Srinivasan	Mathematics	20,001.00

C5. ENDOWMENT – YOUNG FACULTY JOINING BONUS (Class of '82)

The “Young Faculty Joining Bonus”, a Class of '82 Legacy Project, came into being on July 7, 2007 when the Alumni met the senior IITB Professors in the PAN – IIT meeting in Silicon Valley. The legacy project focuses on supporting young Faculty in their academic pursuits for the following reasons –

- Attracting good young Faculty to replace retiring Faculty and to augment current Faculty is a key element for IIT to maintain its long term competitiveness
- IIT is increasingly competing with private engineering colleges who have more latitude with their higher pay scales
- While IIT can never match Industry pay scales, a small “delta” during the initial years helps the Faculty and their family and shall make IITB more competitive compared to other Academic Institutes, thus making a tremendous impact in the long term

- IITB's experience indicates that once Faculty members join IIT, they rarely quit. Hence, supporting the recruitment of junior Faculty can also help boost IIT's chances of recruiting the best talent
- The Alumni supporting this Legacy Project have envisaged to create a Corpus which would grant Rs. 1 lakh per year for up to 3 years to the recruited Assistant Professor. The Alumni of Class of '82 received an overwhelmingly positive response for this initiative.

Utilization of Funds:

The details of young faculty who have been awarded the "joining bonus" in the year 2009-10 are as follows:

C6. RESEARCH AWARDS

The Research Awards were conferred on outstanding faculty members of IIT Bombay on the occasion of the Foundation Day on March 10, 2010. The Chief Guest Professor M. Barma, Director TIFR, presented the Research Awards.

RAKESH MATHUR ENDOWMENT FOR ACADEMIC EXCELLENCE AWARD

Mr. Rakesh Mathur (Alumnus, B.Tech. ME, 1978) had contributed a sum of US \$ 161,000 to set up endowments to award 3 annual academic excellence awards. US \$ 60000 was meant to establish an endowment for one Annual Academic Excellence Award for outstanding research in the area of Applied Sciences. The award is given to a Faculty member or Research Scholar of IIT Bombay. The initial cash award is Rs. 1,50,000. The award is named as "Prof. S.C. Bhattacharya Award".

US \$ 60000 was meant to establish an endowment for one Annual Academic Excellence Award for outstanding research in the area of Pure Sciences. The initial cash award is Rs. 1,50,000. The award is named as "Prof. H.H. Mathur Award".

US \$ 41000 was set apart to establish an endowment for one Annual Academic Excellence Award for a UG student (B.Tech. or DD). The award is given to the student with the highest CPI at the end of 3rd year. The initial annual cash award was Rs, 1,00,000. The award is named as "Rakesh Mathur Excellence Award".

IIT Bombay Heritage Fund had transferred US \$ 161,000 in July 2003 to set up Endowments for three Annual Excellence Awards. The amount realized was Rs. 73,91,510 and was invested in a Fixed Deposit Scheme. The three Annual Excellence Awards are as follows:

Endowment for Prof. S.C. Bhattacharya Award	- \$ 60,000 (Rs. 27,54,600)
Endowment for Prof. H. H. Mathur Award	- \$ 60,000 (Rs. 27,54,600)
Endowment for Rakesh Mathur Excellence Award	- \$ 41,000 (Rs. 18,82,310)

Prof. H. H. Mathur Excellence Award in Applied Sciences instituted worth `..... by Mr. Rakesh Mathur to Professor Dulal Panda of Department of Biosciences and Bioengineering.

Also, Prof. S.C. Bhattacharya Award for Excellence in Pure Sciences worth `..... was awarded to Professor M. C. Deo, Department of Civil Engineering.

Suhas Pai Faculty Award:

Suhas Pai has donated \$ 22,000 for an endowment for this Faculty award. He has requested that the award may be given based on the following conditions –

1. Any faculty member working in inter-disciplinary research area.
2. The inter-disciplinary concept should be either:
 - deployed in the field
 - or paper published
 - or patent granted
3. If there is more than one faculty member working on the concept, the award should be distributed among them such that –
 - The lead person gets 50% of the award
 - The other 50% gets distributed among “support” faculty members identified by the lead person with his/her recommendation on how the money should be distributed
 - If it is a “solo” effort, the entire award should go to that faculty member

D. INFRASTRUCTURE DEVELOPMENT

D1. VICTOR MENEZES CONVENTION CENTRE (VMCC)

The construction of Victor Menezes Convention Centre (VMCC) is now complete and the formal opening is planned for January 2011. Victor Menezes has donated \$ 3 Millions to IIT Bombay for VMCC

The Convention Center will house the following facilities:

300 Capacity Lecture Hall	- 1
150 Capacity Lecture Halls	- 6
40 Capacity Lecture Halls	- 10

Other supporting facilities will include VIP Lounge, Conference Hall, Cafeteria, and Pantry. The building will also house some laboratories from the Civil Engineering Department that were part of the ‘Civil Annexe’ building which was razed to locate the Convention Center.

IIT has spent Rs. 40 Crores on this project and it is complete. Contractors have started facilities handover in stages.

E. Endowments

(i) CLASS PROJECTS

E1.1 ENDOWMENT – HOSTEL MAINTENANCE (Class of '72)

The Alumni from the “Class of '72” have set up an endowment fund for Hostel maintenance through Alumni donations.

Financial Report

Particular's	Amount (in Rs)

Closing Bal. as on 31-03-2010	39,39,490.00

The amount has been invested in Fixed Deposit and the interest earned is being transferred to the Hostel Development Fund for maintenance of hostels.

The Institute deeply appreciates the efforts of Alumni in mobilizing donations for Hostel Maintenance. The contributions from Alumni serve to catalyze the Institutional efforts towards appropriation of funds from its internal resources towards maintenance and upkeep of hostels.

E1.2 ENDOWMENT - POWAI LAKE PROJECT (CLASS OF '80)

The Legacy Project of the class of 1980 was chosen to reach beyond the academic community of IIT Bombay. Powai Lake is an important determinant of the green environment of IIT campus. It was decided to make a contribution to the rejuvenation of this natural habitat.

With activist enthusiasm and contagious generosity the batch made a donation of approximately Rs. one crore for Powai Lake Rejuvenation Project. Since the magnitude of work required for desilting and water hyacinth removal is enormous, it was decided to pursue a two part strategy. In phase one, specific developments near the Lake shall be undertaken to make it a recreational destination for campus community, and in phase two, we plan to lobby and actively pursue the rejuvenation efforts which need to be implemented by governmental agencies. As part of phase one it was decided to develop the space behind the Convocation Hall and stretching upto the Lake into a garden and gathering space. An oversight committee was formed and a CEO was appointed by this committee, to be stationed at IIT to implement this work.

The oversight committee of the Legacy Project of class of 1980 is now pleased to inform that this garden is ready. The ground has been landscaped and a walking path has been created winding through the trees. On June 5, World Environment Day, representatives of the oversight committee and mentors from the IIT community came to plant saplings and trees which will give the garden its final shape. We especially thank Prof R K Shevgaonkar and Mrs. Rashmi Misra for gracing the occasion.

The committee is also happy to share that Mr. Jayraj Phatak, Commissioner MCGB and alumnus of IIT Bombay has taken efforts to include the IIT side of the Lake in the initiative of the MCGB to spruce up the environs of the Lake. Desilting and cleaning activities have also now started. The Legacy Project will sustain its supervisory and supporting role in this effort.

The Institute deeply appreciates the efforts of Class of '80 in mobilizing funds for "Powai Lake Rehabilitation". This endowment can make significant impact in desilting efforts and reduce environmental hazards to the Powai Lake to a great extent.

E1.3 ENDOWMENT – "GURUDAKSHINA" PROJECT (Class of '83)

The Class of '83 celebrated their Silver Jubilee Reunion on December 27th, 2008. With a view to express their gratitude to their teachers, the batch initiated a legacy project which is called the "Gurudakshina" Project. The corpus allocation of this fund is Rs. 1 crore. It has been decided that 50% of the corpus will fund the "Young Faculty Joining Bonus" and 50% will be used to fund the "Faculty Development Programme".

(ii) OTHER PROJECTS/ ENDOWMENTS

E2.1 SUMAN MASHRUWALA ADVANCED MICRO MECHANICAL SYSTEMS LABORATORY

Suman Mashruwala Advanced Microengineering Laboratory was inaugurated by our Alumnus, Mr. Raj Mashruwala, on 13th April 2007. Mr. Mashruwala has generously donated for setting up the Suman Mashruwala Lab. The laboratory hosts several state-of-the-art equipments including Microstereolithography, Excimer laser micromachining, MicroPIV, and Micromap 5010. The ongoing research activities in this lab span several areas including Microstereolithography, MEMS, Microfluidics, Micromechanics etc.

The Suman Mashruwala MEMS laboratory project was initiated with clear research and teaching deliverables. The specific objectives are as follows:

- To create a laboratory to trigger the young minds of undergraduate students by exposing them to the world of micromechanical systems simulation and experiments
- To create the infrastructure needed to start fundamental and applied research in the areas of engineering design, manufacturing and thermal & fluid technology related to MEMS
- To create a unique state-of-the-art facility in the Institute

E2. 2 ENDOWMENT – WADHWANI ELECTRONICS LABORATORY

The Wadhvani Electronics Lab (WEL) was formally inaugurated by Dr. Romesh Wadhvani on February 12, 2001. This laboratory has significantly enhanced the electronics related activity in the EE Department both qualitatively and quantitatively. Several new instruments of the low-end type have been purchased from the Wadhvani donation fund to serve UG as well as PG students working in the WEL. A few high-end instruments have also been acquired, and these are being used for special requirements. A large number of PCs (70) have been purchased to facilitate PCB design, programming of FPGA chips, ARM Processors, basic micro controllers and accessing data sheets on the Internet etc. Broadly, the following activities are supported by WEL:

1. Electronics Lab courses (Digital circuits, Semiconductor Devices and Circuits, Analog circuits) for UG students in the second and third year in the EE Department.
2. Basic electronics lab courses for UG students from other department in the institute, viz., Mechanical Engg., Metallurgical Engg., Chemistry, Chemical Engg., and Computer Science.
3. Electronics Design Lab, which involves a number of novel projects carried out by 3rd and 4th year students. Some of the projects are expected to be converted to products.
4. Microprocessor Lab course (UG, 3rd year).
5. Embedded Systems Lab (M. Tech.)
6. Techfest activities during which students from IIT and other colleges participate in competitions involving electronics.
7. WEL Innovation cell activities where lab lectures are conducted for the 1st year UG students and small experiments and projects are assigned to them for training purposes.
8. Some of the Continuing Education Programme (CEP) courses are conducted in the Wadhvani lab.

The following courses have been held:

- “Mechatronics” for industry professionals.
- “Digital Electronics and Microprocessors” for employees of Indian Petrochemicals Corporation Ltd (IPCL).
- “Teaching Engineering Effectively” for engineering college faculty members and industrial professionals. The programme conducted in the Wadhvani Lab focused on “How to conduct lab Courses.”

WEL has made it possible to bring the entire Electronics activity in EE under one umbrella. This has also boosted the enthusiasm among students. WEL currently caters to over 700 students every year. The lab has a large variety of Microprocessor kits, cross assemblers and other utilities for these processors, single-board computers, online EPROM programmers, logic analyzers and in-circuits emulators, for use in the Microprocessor lab course. WEL also supports experimental instruction in analog and digital circuits and projects in electronics design and is equipped with the latest series of oscilloscopes, function generators, FPGA programmers, digital multimeters etc.

The Operating amount of \$15,000 that is received annually is used for the purchase of consumables, electronic components, salaries, contingencies, and maintenance of instruments.

E2.3 ENDOWMENT – LIBRARY JOURNALS & SCI - FINDER

The Central Library, IIT Bombay is one amongst the six major technological libraries in the country in the area of Science, Engineering and Technology. It has completed 50 years and has built a large collection of books, journals and CDs. It also has a rich collection of resources in electronic media available locally on the Institute Intranet and accessible on the Web. It caters to the needs of large groups of users including more than 5000 students including 1000 research scholars, 400 Faculty and a large number of supporting staff. It has computerized all its house keeping activities using software developed in – house that is being maintained and updated regularly. It uses state – of – the – art technology in its functioning and services.

IIT has received substantial contributions from Alumni through IIT Bombay Heritage Fund towards 'Endowment for Library Journals'. This augmentation has not only eased the ever worsening situation vis – a – vis Library funding due to an unfavorable exchange rate and growing costs of Journal subscriptions, but has also given strong impetus to new areas of research, thus enriching the research output of IIT Bombay Faculty and research scholars. The list of journals subscribed using this Endowment is appended.

E2. 4 PROF. S. P. SUKHATME ENDOWMENT FUND

Prof. S. P. Sukhatme is professor Emeritus I the Mechanical Engineering Department of IIT Bombay. He has been a faculty member at IIT Bombay since 1965 and served as the Director from 1995 to 2000. He also served as the chairman of the Atomic Energy Regulatory Board from 2000 to 2005. Professor Sukhatme is known for his contribution to teaching and research in the fields of heat transfer and energy, and has been recipient of many honors. He was awarded Padma Shri by the Government of India in 2001.

From S. P Sukhatme fund, there is a launch of “ **Monastery, Sanctuary, Laboratory – 50 years of IIT Bombay**” written by Mr. Rohit Manchanda and also came up with Prof. Arun Inamdar’s “ **Salt’n pepper**” and “**Four Decades at IIT Bombay – Recollections and reflections**” by prof. S. P. Sukhatme in conversation with Mr. Rohit Manchanda
