INTRODUCTION

I am happy to present you with annual Fund Utilization Report (FUR) for financial year 2011-12. The Fund Utilization Report is an effort to give general idea of the progress made, during the financial year, with the help of generous contributions received from our alumni community, corporate entities, and other friends of IIT Bombay. A copy of this report is also available on [alumni website](#), as is the archives of previous years' reports.

Donations received from Alumni & Corporates and through other fund-raising drives are mostly utilized towards the following priority areas to enable the Institute to pursue its goal of maintaining high standards in Teaching and Research.

1. Institute Development Fund

Institute Development Fund mostly supports the greatest need in various domains such as modernization and establishment of new academic, research and campus infrastructure, etc.

2. Young Faculty Awards (YFA)

IIT Bombay is undergoing rapid growth phase even as other institutions in India and abroad are also expanding. This creates significant challenge in attracting best faculty to IIT Bombay. YFA award helps IIT Bombay to offer a competitive package to achieve better results in recruitment of young faculty members.

The YFA program awards a grant of Rs. 1 lakh per year for 4 years to freshly recruited young faculty members. Disbursement of Rs. 1 lakh per year for the first four years is a significant incentive to prospective faculty.

YFA is being operated solely through alumni contributions.

3. Chair Professorships

Chair Professorship is a distinguished academic position of the Institute and is an academic honor to recognize outstanding Teaching/Research work and achievements of faculty members of the Institute. It has also been used to attract outstanding academicians to join the Institute.

Establishment of more Chair Professorships is essential for IIT Bombay to attract and retain high quality research faculty, which are one of the key elements required to fulfill the Institute's goal to be a leading International Research University.

It is envisaged that Chairs can also lead to establishment of new areas of specialization through the recruitment of accomplished researchers in specific fields of study. The endowment for a Chair is currently Rs. 60 lakh. Currently, around 50 faculty members have been endowed with Chair Professorship.

4. Hostel Development

Hostel Alumni Team Stewardship (HATS) is an important alumni-driven initiative that aims to channel the affinity and affection that many alumni have for their Hostels. HATS is another activity exclusively being run by alumni support and contributions. It focuses on the following key goals:

- i. Improve hostel infrastructure and facilities.
- ii. Assist mess workers.
- iii. Increase interaction between alumni and students.
- iv. Empower students to improve their living conditions under the aegis of Make Hostel My Home (MHMH).
- v. Organize hostel-level reunions in each hostel on Alumni Day.

5. Student Development

Scholarships through government funds are provided to several meritorious students with weak economic background. However, the number of students who are eligible for financial assistance as per the government criteria is far in excess of the available funds. Considering the need to financially support these students, a large number of additional students are awarded scholarships from the donor contributions.

In order to nurture and recognize academic excellence, several awards have also been instituted by various donors. These awards include students from all academic disciplines and programmes. Since the academic programs have expanded during the last few years to include new departments and centers, there is also a need to institute additional awards for these.

We have received a generous contribution of over Rs. 11 crores this year. The major contributions for the year are highlighted in the following table.

B5. FELLOWSHIPS & SCHOLARSHIPS BY CORPORATE ENTITIES

The following Fellowships have been instituted by Corporate entities for the benefit of bright and deserving students in various departments.

B.5.1. INLAKS FELLOWSHIPS

A search for excellence and providing support to talented young individuals has been the objective of the INLAKS Foundation since its inception twenty seven years back. For this purpose, the Foundation has been awarding scholarship abroad, in Institutions/ Universities of high repute in the US, Great Britain and Europe. More recently, the Foundation has started a scholarship program in some of the top institutions in India, in particular the IIT. INLAKS Foundation selected some scholars as the Inlaks – IIT Scholar. The award covers tuition fee and accommodation expenses. The scholarship is valid for a scholar's entire stay at IIT (ie. for three years) with a condition that the scholar maintains a CGPA of 8.5. Failure to maintain this CGPA score will result in withdrawal of the scholarship.

FACULTY DEVELOPMENT

C1. CHAIR PROFESSORSHIPS

Chair Professorships are distinguished academic positions of the Institute and are conceived as an academic honour to recognize outstanding teaching and research achievements of the permanent faculty. They can also be used to attract outstanding academicians to join the Institute from outside. Chairs are supported by endowments created from donations to the Institute.

The endowment for a Chair is currently Rs. 60 lakhs. Interest from the endowment is used to meet expenses of the Chair, which include a monthly honorarium (Upto Rs. 20,000/-) and contingency expenses (Upto Rs. 50,000/-). The salary of the Chair Professor and all other benefits (housing, medical etc.) are borne from Institute funds. Donors will have the prerogative of naming the Chairs. The broad area of specialization for instituting the Chair may also be specified by the donor. The list of presently existing Chairs at IIT Bombay is as follows:

C6. YOUNG FACULTY JOINING BONUS

The “Young Faculty Joining Bonus”, a Class of '82 Legacy Project, came into being on July 7, 2007 when the Alumni met the senior IITB Professors in the PAN – IIT meeting in Silicon Valley. Class of '83, 84 and 85 have now joined this project. Nomura has also given Award to Young Faculty's. The legacy project focuses on supporting young Faculty in their academic pursuits for the following reasons –

- Attracting good young Faculty to replace retiring Faculty and to augment current Faculty is a key element for IIT to maintain its long term competitiveness
- IIT is increasingly competing with private engineering colleges who have more latitude with their higher pay scales
- While IIT can never match Industry pay scales, a small “delta” during the initial years helps the Faculty and their family and shall make IITB more competitive compared to other Academic Institutes, thus making a tremendous impact in the long term
- IITB's experience indicates that once Faculty members join IIT, they rarely quit. Hence, supporting the recruitment of junior Faculty can also help boost IIT's chances of recruiting the best talent

INFRASTRUCTURE DEVELOPMENT

D1. CELL CULTURE LABORATORY

(Partially funded by Pramod and Parimal Chaudhari)

Cell Culture Lab in the Department of Biosciences and Bioengineering was initiated in the year with the generous donation from Mr. & Mrs. Chaudhari.

Outreach: A 1200 sq. ft. state-of-the-art tissue culture facility on the 5th floor of the new building of Department of Biosciences and Bioengineering has been created to cater to the needs of faculty and researchers. Facility is equally helpful for both basic and applied research. It will be used extensively by more than 50 PhD researcher scholars as well as M.Sc. and M.Tech students for their project work. Later the facility will also be useful for conducting lab courses. The facility will be named as “Parimal and Pramod Chaudhari Laboratory for Cell Culture”.

New equipment facility: This modern facility houses four tissue culture laboratories for culturing a wide range of mammalian cells, cancer cells, viruses and yeast. Facility also includes one microscopy room and one general purpose storage room. Funds from Mr. and Mrs. Chaudhari is being utilized to equip the facility with :

Ten Class II Biosafety Cabinets

Eight CO2 incubators

Two liquid nitrogen storage units

D2. WADHWANI RESEARCH CENTRE IN BIOSCIENCES & BIOENGINEERING

Wadhvani Research Centre in Biosciences and Bioengineering (WRCBB), center was inaugurated by Dr. Romesh Wadhvani, (class of 1969) Chairman, Wadhvani Foundation & Founder, Symphony Technology Group, on 27th January 2012. The two key questions that will be addressed while doing this research are:

- How cytoskeletal protein dynamics affect cell motility and migration?
- How the physicochemical properties of three dimensional engineered scaffolds affect cell shape and motility?

It is hoped that this research will lead to better understanding of how cancers spread in the body. The Department of Biosciences and Bioengineering has faculty with backgrounds in cell biology, biochemistry, immunology, physics, engineering and medicine. So, it is in a unique position to take up this multi-investigator challenging project.

D3. D S FOUNDATION GYMKHANA

D S Foundation Gymkhana

D S Foundation Gymkhana was inaugurated on the occasion of Alumni Day — celebrated on December 25th 2011. The infrastructure is funded by alumnus Mr. Bharat Desai, Chairman and co-founder of Syntel and his wife Ms. Neerja Sethi. **Indoor Stadium:** Is a multipurpose stadium which can be used to host tournaments in Basketball, Volley Ball, Badminton and Table Tennis. It has a seating capacity for 1500 spectators. It also has a small stage and can also be used for cultural programs. There's a swimming pool of Olympic size (50mX25m). It has a filtration system using Ozone treatment. In addition to the main pool, a paddling pool has been provided for children and beginners (15mX10m).

E. ENDOWMENT

E1. CLASS PROJECTS

E1.1. ENDOWMENT – HOSTEL MAINTENANCE (Class of '72)

The alumni from the “Class of '72” have set up an endowment fund for hostel maintenance through alumni donations.

Financial Report

Particular's	Amount (in Rs)
Opening Bal. as on 01-04-2011	23,30,641.00
Add: Interest Earned	1,70,308.00

The amount has been invested in fixed deposit and the interest earned is being transferred to the Hostel Development Fund for maintenance of hostels.

The Institute deeply appreciates the efforts of alumni in mobilizing donations for hostel maintenance. The contributions from alumni serve to catalyze the Institutional efforts towards appropriation of funds from its internal resources towards maintenance and upkeep of hostels.

E1.2. ENDOWMENT – “GURUDAKSHINA” PROJECT (Class of '83)

The Class of '83 celebrated their Silver Jubilee Reunion on December 27th, 2008. With a view to express their gratitude to their teachers, the batch initiated a legacy project which is called the “Gurudakshina” Project. The corpus allocation of this fund is Rs. 1 crore. It was decided that 50% of the corpus has to be used to fund “Young Faculty Joining Bonus” and 50% for the “Faculty Development Programme”.
